1930 HIGH

Benjamin Franklin High School has come of age. During this short period of time our school's progress has been highlighted by many accomplishments directed toward the development of the individual.

Franklin is indeed unique; for during the years our school has become a melting pot of all nationalities, races, and religions, with students of different creeds working together in harmony. This is the greatest achievement Franklin has made or can hope to make.

Now on her twenty-first birthday, we cherish the past and anticipate her future. As a tangible record of Franklin's early years, we present the highlights of her twenty-one years of growth.

1930 On September 2, Franklin High School welcomed its first classes under the leadership of Roy L. Butterfield, principal, and William Wolgast, vice-principal.

1931 Our Constitution was adopted, the Junto was organized, and the first student officers were elected.

Honor was our theme as the National Honor Society got under way.

We dedicated our first *Key* to the man who had given us the key to our school, Judge James P. B. Duffy.

1932 Our first Franklin Day—Need we say more?

1933 Franklin's music students won national honors at Providence, Rhode Island.

1934 The Practical Arts Department paid tribute to the past and the future when it equipped a Guild Hall in the medieval tradition as a meeting place for the newly organized Craft Guild.
The school's first aviation class was formed.

Our Franklin Choir sang to the world over the National Broadcasting Station.

1935 Our science students enlisted their horticultural activities in the service of patriotism and raised more than three hundred geraniums for the Memorial Day decoration of soldiers' graves.

1936 Another first for Franklin! Frank Dickerson, a senior, won first prize, a silver cup, in a world wide shorthand contest. He continued to win distinction when he became a member of General MacArthur's staff in Japan in World War II.

1937 Our Varsity Club began to cheer our athletic teams on to victory.

1938 Franklin welcomed its new vice-principal, Willard A. Sabin.

1939 The Maharajah arrived ! ! !

1940 Registration soared and life took on a quickened tempo as the larger part of the Washington High School faculty and student body came to Franklin.

1941 The Franklin Basketball Team won the Inter-scholastic championship and the sectional title.

1942 Life Magazine devoted an issue to the theme—*Franklin, the Democratic school.*

1943-1946

Our war efforts became our chief concern. War bonds totalling more than $10,000 were sold at our bond auction. Franchot Tone charmed dollars from our pockets and fluttered feminine hearts when he appeared at our largest bond rally.

Home Economics classes made hundreds of well-made garments for Europe's destitute children.

Our shops ran round the clock preparing men and women for work in war plants. Shop students made fifty trays and bedside tables for

Students at Franklin High:

Coming of age is one of life's milestones. Milestones are markers which have been used through generations to aid the traveler on his journey. Frequently we think of the 21st year of life as the major milestone marking the individual for acceptance into our democratic society. At this particular year the individual comes of age. He may vote. He is legally recognized as a responsible member of his community.

Important as this 21st year is, I like to think of the minor milestones. Each is significant. Your 17th or 18th years are extremely important. So is your senior year, your junior year, or, in fact, any year in your life. No one can live it for you. It is yours to make with what you will.

I would urge that you permit nothing but your best effort to take you along life's journey. People with God's blessing who have ability, courage, stamina, and steadfastness must and will help shape the world's destiny. You, who are coming of age, are these people.

May it be that all of us who try to give Franklin High School its educational strength and vitality have helped you in striving for and attaining your worthy goals!

IN MEMORIAM

The death of Mr. Dennis E. Ruby, Head of the Practical Arts Department and Guidance Adviser for the Senior Class, on September 13, 1950, brought both regret and sorrow to all of us; for he was not only an excellent teacher and adviser but also our good friend. As a guidance counselor, he was conscientious and inspiring; as our student government adviser, he was one of us, understanding our difficulties and enjoying our triumphs.

We pay tribute to Mr. Ruby; his kindly manner, his deep loyalty, and his dynamic personality will long be remembered by both teachers and students of Benjamin Franklin High School.
